

PROGRAM OVERVIEW

WCA 2016

Saturday 12 March 2016			
	Room 1	Room 2	Room 3
14.30-16.00	ACOS Symposium Session Chairs: Stefano Centanni, Joan Soriano “ACOS-The Spanish document” Marc Miravittles “Do we need ACOS?” Vito Brusasco “Eosinophilic bronchitis” Mar Fernandez-Nieto	SEPAR Symposium Session Chairs: Inmaculada Alfageme, Carlos Melero “Novedades terapeuticas de la guia española para el manejo del asma GEMA 4.0” Antolin Lopez-Viña “Asma y embarazo: dos escenarios para cuidar” Eva Martinez Moragon “Coexistencia de asma y EPOC” Luis Perez de Llano	Symposium Session Basic Science in Asthma & Related Disorders Chairs: Giovanni Passalacqua, Carlos Nunes “The role of stem cells in asthma: pathogenic versus therapeutic” David Soto “Virus and Asthma” Alberto Papi “Neutrophilic Inflammation in Asthma” Santiago Quirce
16.00-16.30	Coffee Break		
16:30-18:00	GARD Symposium Session Social Aspects of Respiratory Diseases Chairs:Nikolai Khaltsev, G. Walter Canonica “Social Predictors of Health (GARD Perspective)” Nikolai Khaltsev “Social determinants of obstructive diseases other than tobacco” Arzu Yorgancioğlu “Do socioeconomic inequalities in health have an impact on Asthma and Allergic diseases?” Alvaró Cruz “The role of primary care in dealing with social determinants” Jaime Correia de Sousa	SEAIC Symposium Session Chairs: TBA “New developments in occupational asthma” Mar Fernandez-Nieto “Clinical Management of aspirin-exacerbated respiratory disease” Irina Bobolea “Childhood Asthma: Role of allergens” Silvia Sanchez-Garcia	Workshop: Diet and lifestyle Chairs: Carlo Lombardi, Ruby Pawankar “Vitamin D and Corticosteroid Response” Catherine Hawrylowicz “Regulatory aspects of anti-asthmatic drugs” Sergio Bonini “Occupational Asthma” Jonathan Bernstein
18:00-18:30	Keynote Lecture Chairs: Joaquin Sastre, Inmaculada Alfageme, G. Walter Canonica “Systems Medicine as Pathway to Precision Medicine” Kian Fan Chung		
18:30-19:30	Opening Ceremony		
20:00	Poster Session		

PROGRAM OVERVIEW

Sunday 13 March 2016			
	Room 1	Room 2	Room 3
08:00-09:00	Oral Session Chairs: Tatiana Slavyanskaya , Diana Deleanu	Oral Session Chairs: Ken Ohta, Sandra González Díaz	Oral Session Chairs: Ignacio Ansotegui, Kunio Dobashi
09:00-10:00	Lecture Chairs: Ralph Moesges “Stress, genetics, and bronchodilator response” Juan C. Celedón	Lecture Chairs: Vito Brusasco “Non inflammatory mechanisms of Airways Remodelling” Peter Howarth	Lecture Chairs: Edgardo Jares “Epidemiology of Asthma: determinants of increased prevalence” Joan Soriano
10:00-10:30	Coffee Break		
10:30 – 12:00	Industry Sponsored Symposium Chairs: Louis-Philippe Boulet, Ronald Dahl Small Airways (Manifesto) Omar Usmani Title TBA Nicola Scichilone Title TBA Fulvio Braidò Title TBA		
12:00-13:30	Industry Sponsored Symposium	Symposium Allergen Immunotherapy in Asthma Chairs: Joaquin Sastre, Lawrence Dubuske “AIT in asthma: an overview” Giovanni Passalacqua “Adjuvants and AIT” Ralph Moesges “Cost-efficacy in immunotherapy” David Gonzalez-Olano	Symposium Asthma in Childhood Chairs: Sandra González Díaz, Pakit Vichyanond “Distinguishing Asthma Phenotypes Using Machine Learning Approaches” Adnan Custovic “Early origins of chronic obstructive pulmonary diseases” Eugenio Baraldi “Asthma evolution from childhood” Carlos Nunes
13:30-15:00	Poster Session		
15.00-16.30	Plenary Session GINA 2014 & 2015 Update Chairs: Soren Pedersen, G. Walter Canonica Title TBA Soren Pedersen Title TBA Alvaró Cruz GINA 2016: Exacerbations, ACOS and Implementation		

PROGRAM OVERVIEW

	Louis-Philippe Boulet		
16.30-17.00	Coffee Break		
17:00-18:30	Sister Society Symposium SLAAI Asthma reality in developing countries Chair: Juan Carlos Sisul Alvariza “Diagnostic challenges for occupational asthma in our countries” Edgardo Jares “Asthma in the elderly: impact in developing countries” Anahi Yañez “Resources in Latin América for proper diagnosis and management of asthma” Alvaró Cruz	Workshop: Towards a consensus definit n on ACOS? Chair: Luis Perez de Llano “Eosinophilic COPD” Borja G. Cosio “Non eosinophilic asthma” Luis Perez de Llano	Workshop: Asthma Care: a global strategy Chairs: Louis-Philippe Boulet, Jonathan Bernstein “Asthma Management in Primary Care” Mark Levy “Sociocultural considerations in Asthma Management” Jonathan Bernstein “The Expert patient: a link between Primary Care Physicians and Specialists?” Louis-Philippe Boulet
19:00-20:00	General Assembly		

PROGRAM OVERVIEW

Monday 14 March 2016			
	Room 1	Room 2	Room 3
09:00-10:30	Symposium Adherence & Asthma Management Chairs: Shigenori Nakajima, Juan Carlos Ivancevich “Burden & Barriers to adherence in Asthma treatment” Francesco Blasi “Adherence in Primary Care” Dermot Ryan “Technologies to improve asthma adherence to treatment” Fulvio Braido	Symposium Microbiome, Allergens & Asthma Chairs: Alvaró Cruz “Omics sciences applied to Microbiome” Pierluigi Mauri “Influence of Biodiversity on Asthma” Ruby Pawankar “Dust mites and asthma” Pakit Vichyanond	Sister Society Symposium ACAAI Chairs: TBA “Exhaled Nitric Oxide in the diagnosis and management of asthma” James Sublett Title TBA Lawrence DuBuske “Smoking electronic cigarette” Louis Philippe Boulet
10:30-11:00	Coffee Break		
11:00-11:30	Lecture Chairs: Ronald Dahl, G. Walter Canonica “AIT to HDM in Asthma: compelling evidences” Johann Christian Virchow	Lecture Chairs: Lawrence DuBuske “Specific Inhalation Challenge Test in the diagnosis of occupational asthma: Consensus statement” Joaquin Sastre	Lecture Chairs: Pierluigi Mauri “Omics: a step forward in understanding asthma” Lanny Rosenwasser
11:30-13:00	Plenary Session Personalized Medicine in Asthma Chairs: Ignacio Ansotegui, Ronald Dahl, Jean Bousquet “Biomarkers of Severe Asthma” Nicola A. Hanania “Severe Asthma: a mixture of different phenotypes/ endotypes?” Kian Fan Chung “New developments in Severe Asthma Therapy” G. Walter Canonica		
13:00-13:30	Plenary Lecture Chairs: Louis-Philippe Boulet “The need for new healthcare initiatives-a global approach” Jean Bousquet		
13:30-14:30	Poster Session		COPD Lecture Chair: Stefano Centanni “From observational studies to new treatments” Vito Brusasco

PROGRAM OVERVIEW

14.30-16.00	Industry Sponsored Symposium	Symposium ARIA Chairs: Giovanni Passalacqua, Sergio Bonini “The role of ARIA guidelines to improve the management on asthma and rhinitis” Jean Bousquet “Chronic Rhinosinusitis and asthma. Does it influence asthma control and severity?” Ruby Pawankar “Vocal Cord dysfunction: a common cause of asthma misdiagnosis” Mario Zernotti	Workshop: Asthma in Elderly Chairs: Anahi Yañez, Juan Carlos Ivancevich “Asthma in Elderly” Nicola A. Hanania “Psychological Aspects in the elderly” Tatiana Slavyanskaya “Barriers to Asthma management in the elderly: how can we improve asthma care in this population” Louis-Philippe Boulet
16.00-16.30	Coffee Break		
16:30-18:00	Sister Society Symposium WAO Chairs: TBA Title TBA Lanny Rosenwasser Title TBA Ignacio Ansotegui Title TBA Mario Zernotti “Acute Asthma induced by mite-contaminated food” Mario Sánchez Borges	Symposium New Chemical Molecules in asthma treatments Chairs: Eugenio Baraldi, Dermot Ryan “Bronchodilators” Ronald Dahl “From new ICS/LABA combinations to ICS/LABA/LAMA combinations” Alberto Papi “Current role of anticholinergic drugs in the treatment of asthma” Gustavo Rodrigo	Workshop Asthma & Obesity Chairs: Ken Ohta, Louis-Philippe Boulet “Lessons from the National Review of Asthma Deaths” Mark Levy “Asthma and obesity: treatment issues” Carlo Lombardi “The role of Adipokines” Lanny Rosenwasser
18:00-19:30	Debate: Continuous-SMART-MART Strategies in asthma Chairs: Lawrence Dubuske “The Benefit of Continuous treatment” Nicola Scichilone “As needed ICS strategies in asthma. Beyond (X)MARTapproach” Alberto Papi	Symposium TBA	Meet the Professor: AIT in Clinical Practice Coordinators: Gianenrico Senna “Molecular diagnosis and AIT” Joaquin Sastre “Impact of new AIT regulations in Clinical practice” Ralph Moesges “Foods and asthma” Pakit Vichyanond “Patients eligibility to SCIT or SLIT” Giovanni Passalacqua
20:00	Presidential Dinner		

PROGRAM OVERVIEW

Tuesday 15 March 2016			
	Room 1	Room 2	Room 3
08:00-09:00	Oral Session Chairs: Carlos Báez Loyola	Oral Session Chairs: Anahi Yañez	Oral Session Chairs: Fulvio Braidó, Juan Carlos Sisul Alvariza
09:00-10:30	Plenary Session: Immunology and Asthma Chairs: Kian Fan Chung , Arzu Yorgancioğlu “The asthma inflammatory scenario: immunological pathways” Enrico Maggi “IL13 as target” Nicola A. Hanania “IL5 as target” G.Walter Canonica		
10:30-11:00	Coffee Break		
11:00-11:30	Lecture Chairs: Fulvio Braidó “Real Life patients vs RCTs patients” Johann Christian Virchow	Lecture TBA	Lecture TBA
11:30-13:00	Sister Society symposium GAA/ GAPP Key concepts in asthma education Chairs: Alvaró Cruz, María Victoria Palomares “The expert-patient” Antje-H. Fink-Wagner “Educating the educator” Mario M. Almeida “Age and cultural influences in patient education” Otto Spranger	Symposium Looking forward as... Chairs: G. Walter Canonica, Ronald Dahl “The influence of Global Warming on Asthma and Allergy” Louis-Philippe Boulet “Asthma treatment as future COPD treatments” Lawrence Dubuske “Antibiotics in asthma & COPD” Francesco Blasi	Symposium Preventions Chairs: Ruby Pawankar, Arzu Yorgancioğlu “Infections” Francesco Blasi “Allergens & Pollutants” Gennaro D’ Amato
13:00-14:30	Closing Ceremony
